

Workshop: EEG and Spatial Cluster Analysis

Friday, May 6
10 am - 12 pm
Beecher Hall, Room 102

Stephanie Ortigue, Ph.D.
Syracuse University

This special workshop focuses on the Cartool toolbox and provides a brief introduction to spatial cluster analysis. Signal processing, spatial pattern analysis, brain micro-states, source localization techniques, as well as practical issues for EEG/ERP research in social neuroscience will be addressed with one specific data set, but users are encouraged to bring their own data. Please e-mail special requests for data processing to Dr. Stephanie Ortigue, Ph.D. (sortigue@syr.edu <<mailto:sortigue@syr.edu>>) before April 29th.

SPACE IS LIMITED

PLEASE RSVP TO CCSN_PROGRAMS@UCHICAGO.EDU IF YOU WOULD LIKE TO ATTEND.
